

GREY WOLF INTERNATIONAL

Grey Wolf International is part of Precision Drilling family of companies and is used to carry out operations in the international oil and gas drilling and workover markets. Grey Wolf International is able to access and build upon Precision's assets, its well-trained crews and high-performance rig fleet.

Grey Wolf International has a seasoned and dedicated team in place who are actively exploring international opportunities and how our rigs and expertise may apply to meet the needs of our customers. For any future inquiries regarding Grey Wolf International, please contact our international division based in our Houston, Texas office at 713-435-6100.
