THIS AGREEMENT CONTAINS INDEMNIFICATION PROVISIONS, RELEASE OF LIABILITY AND ALLOCATION OF RISK.

The Precision entity identified in the Purchase Order issued by Precision to Vendor ("**Precision**") agrees to purchase and the Vendor agrees to supply the Goods and/or Services as set out therein, subject to the following terms and conditions (the "**Agreement**") and those set out in the Purchase Order.

1. **Definitions** – Unless the context requires otherwise, the following capitalized terms in this Agreement mean:
  - 1.1 "**Agreement Documents**" mean the Purchase Order, this Agreement, and any relevant attachments to them.

2. **Governing Terms and Conditions** – The Agreement Documents constitute the exclusive and entire agreement between Precision and Vendor with regard to the subject matter of a particular Purchase Order. Precision expressly rejects any terms or conditions contained in any document which has been or may in the future be supplied to it by Vendor which are in addition to, different from, inconsistent with or attempt to vary the Agreement Documents, whether such terms or conditions are set forth in Vendor's bid, proposal, order acknowledgement, invoice or otherwise disclosed to Precision. Precision's acceptance of Vendor's Goods and/or Services will not be construed as an acceptance of any terms or conditions contained in any such document provided by Vendor. If a particular Purchase Order is deemed to be an acceptance of a prior offer by Vendor, such acceptance is conditional on Vendor's assent to this Agreement.
3. **Term** – The term of this Agreement shall commence on the effective date specified in the Purchase Order and shall remain until terminated by either Party in accordance with this Agreement.
4. **Title and Risk of Loss**
  - 4.1 **Title Transfer** – Title to the Goods or part thereof shall be vested in Precision when the first of the following events occurs: (a) the Goods, or a portion thereof, are first identifiable or constructed as being appropriated to the Purchase Order; (b) Precision pays for the Goods, or part thereof; or (c) the Goods or part thereof are dispatched from Vendor's place of manufacture to the delivery site. Any transfer of title to the Goods shall be without prejudice to Precision's right to refuse the Goods in case of non-conformity with the requirements of the Purchase Order.
  - 4.2 **Risk of Loss** – Notwithstanding the above, Vendor shall bear the risk of loss for all Goods and/or Services shipped or provided under this Agreement until receipt of delivery and acceptance of such Goods and/or Services is completed by Precision, at which time risk of loss with respect to such Goods and/or Services will pass to Precision, free and clear of all liens, charges or encumbrances whatsoever. Vendor does not have the right to withhold the Goods and/or Services from agreed delivery to secure a claim against Precision, even if the Parties have a disagreement regarding payment to Vendor. Vendor agrees that all original Goods and/or Services, including but not limited to drawings, specifications, maintenance publications and the like, qualify as Goods and/or Services for hire to Vendor, and as such are assigned to Precision.
5. **Delivery and Delivery Time** – Time is of the essence with respect to the Delivery Date and Precision reserves the right to terminate this Agreement without liability if the specified Delivery Date is not met. The Goods and/or Services shall be properly delivered at the agreed delivery location on the agreed Delivery Date according to the Agreement Documents, or if not specified in the Agreement Documents, then as directed by Precision. Vendor shall bear the risk for any delays during shipping, unless such delays are caused by force majeure events or actions directly attributable to Precision. If Vendor anticipates that the Goods and/or Services or any part thereof will be delayed, Precision shall be given immediate written notice identifying what actions Vendor will undertake to reduce or avoid the delay.
6. **Payment Terms**
  - 6.1 Vendor shall invoice Precision for the Agreement Price as per the bill to information on the Purchase Order, no later than thirty (30) days following delivery and acceptance of the Goods and/or Services by Precision. Each such invoice shall quote the reference number of the Purchase Order and match the Purchase Order pricing and taxes. Invoices must be submitted electronically in PDF format to the email listed on the Purchase Order. All payments shall be in the currency agreed in the Purchase Order. Except as otherwise stated herein or on the Purchase Order, Precision shall pay all sums due to Vendor hereunder within sixty (60) days after receipt by Precision of Vendor's invoice, provided always that by making any such payment Precision shall not be deemed to have waived any of its rights hereunder or otherwise at law, nor shall such payment be deemed to constitute acceptance by Precision of defective Goods and/or Services. Any invoice received more than ninety (90) days after acceptance of the Goods and/or Services by Precision, shall be void and Vendor thereby waives any and all claims against Precision for such amount. Precision may withhold payment in respect of any part of an invoice submitted by Vendor hereunder, without liability for interest, where the amount in question is the subject of a bona fide dispute or difference between Precision and Vendor. Precision may also set-off against any amounts due to Vendor hereunder the full amount of any sums owed by Vendor for any reason to Precision.
  - 6.2 Precision is entitled to audit at Vendor's premises all payments for reimbursable Goods and/or Services to Vendor. Precision is entitled to audit during the period of Agreement and for up to three (3) years after the end of the year of the Delivery Date. Payment shall not affect Precision's audit rights. If charges are proven incorrect, then Vendor agrees to immediately pay Precision the amount of money Precision overpaid.
7. **Variation Orders** – Precision has the right to order variations to any part of the Goods and/or Services. Vendor shall within ten (10) calendar days of receipt of such variation order confirm in writing to Precision as to the impact such variation has on the price and Delivery Date of the Goods and/or Services.
8. **Termination or Suspension**
  - 8.1 If either Party does not perform a material obligation (the "**Defaulting Party**"), including without limitation, meeting any service levels or specifications, then the other Party may initiate the process of terminating this Agreement by providing written notice of default to the Defaulting Party. If the Defaulting Party fails to correct such non-performance within fifteen (15) days from the date of the notice of default, then the other Party shall have the right to immediately terminate this Agreement. Notwithstanding the above, in the event that Vendor becomes insolvent or suspends its payments or breaches its obligations hereunder and thereafter fails to remedy said breach within the period of time stated by Precision, Precision may: (a) cease all payments until obligations are fulfilled, and/or, (b) terminate this Agreement with immediate effect, and/or; (c) claim compensation for losses to Precision which are related to the breach. In addition, Precision hereby reserves all additional rights and remedies provided by law or equity. None of these terms and conditions shall be waived by Precision unless a waiver is specific and is given in writing. Any such written waiver shall be effective only in the specific instance and for the specific purpose given.
  - 8.2 Precision reserves the right to terminate a Purchase Order before substantial Vendor performance commences without any cost to Precision. After substantial performance commences, Precision may make changes, terminate or cancel existing Purchase Orders, provided that in such event Precision shall reimburse to Vendor all reasonable, documented, direct costs incurred by Vendor as a result of such changes, termination or cancellation. Payments made under this Article shall not exceed the Agreement Price.
  - 8.3 Precision may at any time, and from time to time, by written notice to Vendor, suspend further performance of all or any portion of a Purchase Order by Vendor. Upon receiving any such notice of suspension, Vendor shall promptly suspend further performance of the Purchase Order to the extent specified, and during the period of such suspension shall properly care for and protect all goods, materials, supplies and equipment Vendor has on hand for performance of the Purchase Order. Vendor shall use its best efforts to utilize its material, labor and equipment in such a manner as to mitigate costs associated with suspension. Precision may at any time withdraw the suspension as to all or part of the suspended performance by written notice to Vendor specifying the effective date and scope of withdrawal and Vendor shall, on the specified date of withdrawal, resume diligent supply and performance of the Goods and/or Services for which the suspension is withdrawn.
  - 8.4 Precision reserves the right to terminate this Agreement for convenience upon providing Vendor with ten (10) days written notice.
9. **Warranties and Guarantees** – -- In addition to any other express or implied warranties, Vendor warrants that the Goods and/or Services provided: (a) will strictly conform to the specifications and other requirements stipulated in the Agreement Documents; (b) will be of merchantable quality and fit for the purpose(s) intended; (c) will conform with all applicable laws, ordinances, codes and regulations; (d) will be new (Goods); (e) will not infringe on any license, patent, copyright or other intellectual property right; and (f) except as otherwise stated herein or in the Purchase Order or unless Vendor's standard warranty provides for a longer period, will be free from all defects for a period of twelve (12) months after being placed into service by Precision or twenty-four (24) months from date of acceptance by Precision, whichever period expires earlier. If, within the warranty period, Precision or a subsequent purchaser discovers any defect, error, nonconformity, omission, deficiency, or breach of any warranty as to the Goods and/or Services, Vendor will promptly repair, re-perform, or replace the goods in question at Vendor's sole cost. Any repaired, re-performed, or replaced good shall be warranted for a period of twelve (12) months from its acceptance by Precision or subsequent purchaser. The foregoing warranties shall apply to all repairs or replacements. All expenses attendant upon such repair or replacement including any freight, custom duties, and brokerage fees shall be for Vendor's account. If Vendor cannot rectify a defect within a reasonable time after being notified of it, then Precision shall be entitled to

rectify the defect itself or to engage a Third Party to do so. In such case, Vendor shall pay the necessary costs of rectification and Precision may also claim damages or pursue other remedies available at law or equity.
